Matrix Service Company Reports Second Quarter Results; Revises Fiscal 2017 Guidance

TULSA, Okla., Feb. 08, 2017 (GLOBE NEWSWIRE) -- **Matrix Service Company** (Nasdaq:MTRX), a leading contractor to the energy, power and industrial markets across North America, today reported financial results for its second quarter ended December 31, 2016.

Key highlights:

- Revenue was \$312.7 million and fully diluted earnings per share were \$0.20 for the guarter
- Backlog increased to \$814.0 million on project awards in the quarter of \$310.3 million
- Acquisition of Houston Interests elevates engineering expertise across multiple operating segments and immediately expands project opportunities
- Increased credit facility to \$300.0 million to fund strategic growth objectives

"As reflected in our second quarter results, we are experiencing delays in the timing of awards, as well as ongoing conservative spending patterns by our customers caused by persistently challenging and uncertain market conditions. We expect these conditions to negatively impact our third quarter and, to a lesser degree, full year results," said Matrix Service Company President and Chief Executive Officer, John R. Hewitt. "As a result, the Company is revising its fiscal 2017 guidance for revenue to between \$1.20 billion and \$1.30 billion and fully diluted earnings per share to between \$0.75 and \$1.05."

Hewitt added, "At the same time, we are seeing indicators that these uncertain market conditions are beginning to clear, with customer confidence improving. The opportunity pipeline is getting stronger as indicated by project awards of \$310 million in the quarter - a book-to-bill of nearly one-to-one. Additionally, our diversified platform and financial strength, together with the engineering expertise and capacity we gained through Houston Interests, has opened up even more opportunities across our operating segments. We expect capital projects and maintenance spending to improve in fiscal 2018 and remain optimistic about the long term performance of the business."

Second Quarter Fiscal 2017 Results

Consolidated revenue was \$312.7 million for the three months ended December 31, 2016, compared to \$323.5 million in the same period in the prior fiscal year. The decrease resulted from lower volumes in the Industrial and Oil Gas & Chemical segments, which was partially offset by higher volumes in the Electrical Infrastructure and Storage Solutions segments. The Company earned \$5.3 million, or \$0.20 per fully diluted share in the second quarter of fiscal 2017 compared to \$5.4 million, or \$0.20 per fully diluted share in the prior year.

Consolidated gross profit was \$28.2 million in the three months ended December 31, 2016 compared to \$30.0 million in the three months ended December 31, 2015. The gross margin was 9.0% in the three months ended December 31, 2016 compared to 9.3% in the same period in the prior fiscal year. The reduction in gross margin in fiscal 2017 is primarily attributable to lower direct margins and increased under recovery of construction overhead costs in the Oil Gas & Chemical and Industrial segments, which were partially offset by higher direct margins in the Storage Solutions and Electrical Infrastructure segments.

Consolidated SG&A expenses were \$20.0 million in the three months ended December 31, 2016 compared to \$25.1 million in the same period a year earlier. The decrease in SG&A expense in fiscal 2017 was primarily attributable to a non-routine bad debt charge of \$5.2 million from a client bankruptcy in fiscal 2016. Fiscal 2017 SG&A expense included \$0.7 million of acquisition and integration costs from the Houston Interests acquisition mentioned above.

Six Month Fiscal 2017 Results

Consolidated revenue was \$654.4 million for the six months ended December 31, 2016, compared to \$642.9 million in the same period in the prior fiscal year. The increase resulted from higher volumes in the Storage Solutions and Electrical Infrastructure segments, which were partially offset by lower volumes in the Industrial and Oil Gas & Chemical segments. The Company earned \$14.6 million, or \$0.54 per fully diluted share during the six months ended December 31, 2016 compared to \$15.4 million, or \$0.56 per fully diluted share in the prior year.

Consolidated gross profit decreased from \$64.6 million in the six months ended December 31, 2015 to \$60.5 million in the six months ended December 31, 2016. Gross margin decreased to 9.2% in the six months ended December 31, 2016 compared to 10.0% in the same period in the prior fiscal year. The reduction in gross margin in fiscal 2017 is primarily attributable to lower direct margins and increased under recovery of construction overhead costs in the Oil Gas & Chemical and Industrial segments, which were partially offset by higher direct margins in the Storage Solutions segment.

Consolidated SG&A expenses were \$38.0 million in the six months ended December 31, 2016 compared to \$44.6 million in the same period a year earlier. The decrease in SG&A expense in fiscal 2017 was primarily attributable to a non-routine bad debt charge of \$5.2 million from a client bankruptcy in fiscal 2016. Fiscal 2017 SG&A expense included \$0.7 million of acquisition and integration costs from the Houston Interests acquisition.

Backlog

Backlog at December 31, 2016 was \$814.0 million compared to \$786.6 million at September 30, 2016 on project awards of \$310.3 million, an increase of \$27.4 million over the previous quarter.

Financial Position

Availability under the Company's credit facility of \$162.2 million along with the Company's cash balance of \$66.2 million provided liquidity of \$228.4 million at December 31, 2016, an increase of \$55.2 million, or 31.9%, since September 30, 2016. Subsequent to December 31, 2016, the Company executed a new five year credit agreement increasing its credit facility to \$300.0 million to fund strategic growth objectives.

Conference Call / Webcast Details

In conjunction with the earnings release, Matrix Service Company will host a conference call / webcast with John R. Hewitt, President and CEO, and Kevin S. Cavanah, Vice President and CFO. The call will take place at 10:30 a.m. (Eastern) / 9:30 a.m. (Central) on Thursday, February 9, 2017 and will be simultaneously broadcast live over the Internet which can be accessed at the Company's website at matrixservicecompany.com on the Investors' page under Conference Calls/Events. Please allow extra time prior to the call to visit the site and download the streaming media software required to listen to the Internet broadcast. The conference call will be recorded and will be available for replay within one hour of completion of the live call and can be accessed following the same link as the live call.

About Matrix Service Company

Matrix Service Company provides engineering, fabrication, construction and repair and maintenance services to the Electrical Infrastructure, Oil Gas & Chemical, Storage Solutions and Industrial markets.

The Company is headquartered in Tulsa, Oklahoma, with regional operating facilities throughout the United States, Canada and other international locations.

This release contains forward-looking statements that are made in reliance upon the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These statements are generally accompanied by words such as "anticipate," "continues," "expect," "forecast," "outlook," "believe," "estimate," "should" and "will" and words of similar effect that convey future meaning, concerning the Company's operations, economic performance and management's best judgment as to what may occur in the future. Future events involve risks and uncertainties that may cause actual results to differ materially from those we currently anticipate. The actual results for the current and future periods and other corporate developments will depend upon a number of economic, competitive and other influences, including those factors discussed in the "Risk Factors" and "Forward Looking Statements" sections and elsewhere in the Company's reports and filings made from time to time with the Securities and Exchange Commission. Many of these risks and uncertainties are beyond the control of the Company, and any one of which, or a combination of which, could materially and adversely affect the results of the Company's operations and its financial condition. We undertake no obligation to update information contained in this release, except as required by law.

Backlog

We define backlog as the total dollar amount of revenue that we expect to recognize as a result of performing work that has been awarded to us through a signed contract, notice to proceed or other type of assurance that we consider firm. The following arrangements are considered firm:

- fixed-price awards;
- minimum customer commitments on cost plus arrangements; and
- certain time and material arrangements in which the estimated value is firm or can be estimated with a reasonable amount of certainty in both timing and amounts.

For long-term maintenance contracts and other established arrangements, we include only the amounts that we expect to recognize into revenue over the next 12 months. For all other arrangements, we calculate backlog as the estimated contract amount less revenue recognized as of the reporting date.

The following table provides a summary of changes in our backlog for the three months ended December 31, 2016:

	Electrical Infrastructure		Oil Gas & Chemical	Storage Solutions	Industrial	Total
Backlog as of September 30, 2016	\$	354,286	\$179,274	\$198,141	\$ 54,911	\$786,612
