

# Matrix Service Company Reports First Quarter Results; Affirms Fiscal 2019 Guidance

November 7, 2018

TULSA, Okla., Nov. 07, 2018 (GLOBE NEWSWIRE) -- Matrix Service Company (Nasdaq: MTRX), a leading contractor to the energy and industrial markets across North America, today reported financial results for its first quarter ended September 30, 2018.

### Key highlights:

- Revenue increased 18.0% to \$318.5 million compared to \$269.9 million in the first guarter of the prior fiscal year
- Company earned \$0.08 per fully diluted share in the first quarter
- Backlog at \$1.109 billion with first quarter project awards of \$209.4 million
- Company expects improving quarter over quarter revenue and earnings; affirms fiscal 2019 guidance

"Our first quarter results reflected improved revenue which met our expectations, however gross margins were impacted by the continued work-off of lower margin projects awarded during the recent market downturn," said Matrix Service Company President and Chief Executive Officer John R. Hewitt. "We expect continued improvement in revenue, gross margins, and earnings per share as we move through the year and are maintaining our Fiscal 2019 guidance.

"Based on the quality and commitment of our people, the strength of our diversified business model, and the increased volume of quality projects in our opportunity pipeline, we are enthusiastic about our ability to achieve our long-term growth aspirations."

#### First Quarter Fiscal 2019 Results

Consolidated revenue was \$318.5 million for the three months ended September 30, 2018, compared to \$269.9 million in the same period of the prior fiscal year. Industrial segment revenue increased \$52.3 million due to higher business volumes in the iron and steel industry and increased thermal vacuum chamber work. Storage Solutions segment revenue increased \$41.8 million primarily as a result of increased tank and terminal construction revenue and higher volumes of tank repair and maintenance work. Electrical Infrastructure segment revenue decreased \$35.3 million due to the expected reduction in power generation EPC work. Oil Gas & Chemical segment revenue decreased \$10.2 million due to lower levels of capital and engineering work partially offset by higher volumes of turnaround and maintenance work.

Consolidated gross profit was \$23.4 million in the three months ended September 30, 2018 compared to \$28.9 million in the three months ended September 30, 2017. The gross margin was 7.4% in the three months ended September 30, 2018 compared to 10.7% in the same period in the prior fiscal year. The fiscal 2019 gross margin was impacted by the work-off of lower margin work bid in a highly competitive environment in prior periods as well as lower than previously forecasted margins on a limited number of those projects.

Consolidated SG&A expenses were \$21.2 million in the three months ended September 30, 2018 compared to \$21.6 million in the same period a year earlier. The decrease was attributable to lower amortization expense on intangible assets that fully amortized in fiscal 2018 and lower professional fees, partially offset by higher compensation expense.

Fiscal 2019 income tax expense included \$0.3 million of excess tax benefits related to the vesting of stock-based compensation awards, which resulted in an effective tax rate of 16.4%. We expect our effective tax rate to be approximately 27.0% for the balance of fiscal 2019.

The Company reported net income of \$2.3 million, or \$0.08 per fully diluted share, in the first quarter of fiscal 2019 compared to net income of \$3.8 million, or \$0.14 per fully diluted share, in the first quarter of fiscal 2018.

#### **Backlog**

Backlog at September 30, 2018 was \$1.109 billion compared to \$1.219 billion at June 30, 2018. The quarterly book-to-bill ratio was 0.7 on project awards of \$209.4 million.

### **Financial Position**

The cash balance of \$74.7 million combined with availability under the credit facility provides the Company with liquidity of \$129.3 million at September 30, 2018. Based on the Company's current financial forecasts, liquidity is expected to increase in the second half of fiscal 2019.

#### **Earnings Guidance**

The Company reaffirms fiscal 2019 revenue to be between \$1.250 billion and \$1.350 billion and earnings to be between \$0.85 and \$1.15 per fully diluted share.

## Conference Call / Webcast Details

In conjunction with the earnings release, Matrix Service Company will host a conference call / webcast with John R. Hewitt, President and CEO, and Kevin S. Cavanah, Vice President and CFO. The call will take place at 10:30 a.m. (Eastern) / 9:30 a.m. (Central) on Thursday, November 8, 2018 and will be simultaneously broadcast live over the Internet which can be accessed at the Company's website at matrixservicecompany.com on the Investors' page under Conference Calls/Events. Please allow extra time prior to the call to visit the site and download the streaming media software required to listen to the Internet broadcast. The conference call will be recorded and will be available for replay within one hour of completion of the live call and can be accessed following the same link as the live call.

#### **About Matrix Service Company**

Founded in 1984, Matrix Service Company is parent to a family of companies that include Matrix Service Inc., Matrix NAC, Matrix PDM Engineering and Matrix Applied Technologies. Our subsidiaries design, build and maintain infrastructure critical to North America's energy and industrial markets. Matrix Service Company is headquartered in Tulsa, Oklahoma with subsidiary offices located throughout the United States and Canada, as well as Sydney, Australia and Seoul, South Korea.

The Company reports its financial results based on four key operating segments: Electrical Infrastructure, Storage Solutions, Oil Gas & Chemical and Industrial. To learn more about Matrix Service Company, visit matrixservicecompany.com.

This release contains forward-looking statements that are made in reliance upon the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These statements are generally accompanied by words such as "anticipate," "continues," "expect," "forecast," "outlook," "believe," "estimate," "should" and "will" and words of similar effect that convey future meaning, concerning the Company's operations, economic performance and management's best judgment as to what may occur in the future. Future events involve risks and uncertainties that may cause actual results to differ materially from those we currently anticipate. The actual results for the current and future periods and other corporate developments will depend upon a number of economic, competitive and other influences, including those factors discussed in the "Risk Factors" and "Forward Looking Statements" sections and elsewhere in the Company's reports and filings made from time to time with the Securities and Exchange Commission. Many of these risks and uncertainties are beyond the control of the Company, and any one of which, or a combination of which, could materially and adversely affect the results of the Company's operations and its financial condition. We undertake no obligation to update information contained in this release, except as required by law.

#### Backlog

We define backlog as the total dollar amount of revenue that we expect to recognize as a result of performing work that has been awarded to us through a signed contract, notice to proceed or other type of assurance that we consider firm. The following arrangements are considered firm:

- fixed-price awards;
- minimum customer commitments on cost plus arrangements; and
- certain time and material arrangements in which the estimated value is firm or can be estimated with a reasonable amount of certainty in both timing and amounts.

For long-term maintenance contracts with no minimum commitments and other established customer agreements, we include only the amounts that we expect to recognize as revenue over the next 12 months. For arrangements in which we have received a limited notice to proceed, we include the entire scope of work in our backlog if the notice is significant relative to the overall project and if we conclude that the likelihood of the full project proceeding as high. For all other arrangements, we calculate backlog as the estimated contract amount less revenues recognized as of the reporting

The following table provides a summary of changes in our backlog for the three months ended September 30, 2018:

	Electrical Infrastructure	Oil Gas & Chemical	Storage Solutions	Industrial	Total
	(In thousands)				
Backlog as of June 30, 2018	\$ 113,957	\$ 227,452	\$ 613,360	\$ 263,827	\$ 1,218,596
Project awards	39,589	37,531	85,139	47,128	209,387
Revenue recognized	(44,701 )	(75,491	) (112,762	) (85,557	) (318,511 )
Backlog as of September 30, 2018	\$ 108,845	\$ 189,492	\$ 585,737	\$ 225,398	\$ 1,109,472

Book-to-bill ratio<sup>(1)</sup> 0.9 0.5 0.8 0.6 0.7

(1) Calculated by dividing project awards by revenue recognized during the period.
