

Matrix PDM Engineering and Tissot Industrie Form Exclusive Relationship to Provide Total EPC Solutions for Liquid Hydrogen Storage Across Europe

May 9, 2023

TULSA, Okla., May 09, 2023 (GLOBE NEWSWIRE) -- **Matrix Service Company** (Nasdaq: MTRX), a leading provider of engineering and construction services to the energy and industrial markets, announced today that its subsidiary, Matrix PDM Engineering, has signed an exclusive Memorandum of Understanding with Tissot Industrie, headquartered in Podensac, France, which allows each to offer total Engineering, Procurement, and Construction (EPC) solutions for liquid hydrogen storage across the United Kingdom, Norway, Switzerland, and the European Union.

"We are excited about the significant role Matrix, together with Tissot, will play in building out the infrastructure needed to meet an enormous global demand for hydrogen. This partnership marries Matrix PDM's unrivaled expertise in cryogenic engineering and technologies with Tissot's world-class international construction expertise to provide complete solutions for customers across Europe that are seeking storage and terminal solutions to support their hydrogen ambitions," said Matrix Service Company President and CEO John R. Hewitt. "We look forward to a long, mutually beneficial relationship."

"Tissot started a partnership with PDM in the early nineteen sixties and today we are very proud to begin a new chapter with Matrix PDM Engineering. We are confident that this partnership will enhance our contribution towards the new energy transition in the markets where we operate" said Tissot Industrie President, Gérard Tissot. "With this partnership, Tissot brings its experience of over 650 spheres including design, fabrication, and erection. Together we will bring the highest standards and expertise from both companies to deliver the best in class to the hydrogen sector."

Matrix brings more than 65 years of legacy expertise in the engineering and design of cryogenic infrastructure, positioning the company as a leading provider of cryogenic hydrogen storage for the next generation of low carbon energy.

Throughout its history, Matrix has designed multiple spheres for various products, most recently providing engineering, procurement, fabrication, and construction services for an 1,800 cm cryogenic sphere providing hydrogen for a wide range of industries, especially in the mobility sector.

About Matrix Service Company

Matrix Service Company (Nasdaq: MTRX), through its subsidiaries, is a leading North American industrial engineering, construction, and maintenance contractor headquartered in Tulsa, Oklahoma with offices located throughout the United States and Canada, as well as Sydney, Australia and Seoul, South Korea.
